## Overview

The Hadley Learning Community (HLC) is the UK's first "all-through" school, a unique fusion of several schools in one, extending into family and adult education for the community. HLC has created an inclusive environment for 1700 primary and secondary pupils, aged between 4 and 16, including those with learning difficulties. The project includes 740 rooms across: Primary, secondary, special, infant and junior schools; Irc; and children's centre, 150-seat theatre; sports, leisure and arts centre. Our on-site period was 56 weeks; however we were required to meet some tight delivery milestones within the programme; many of which were achieved ahead of schedule allowing the main contractor to more easily manage the complex mobilisation.

## Scope of Works

Suspended Ceilings; 4700m<sup>2</sup> Ecophon Advantage, 3000m<sup>2</sup> Armstrong Ultima , 1700m<sup>2</sup> Burgess Metal Ceiling Tiles
