

ROSKEL

Roskel Contracts Limited

Project :- Dagenham Diesel Centre.
Work Package:- Suspended Ceilings.
Client:- Ford Motor Company.
Architect:- Austin Smith Lord.
Main Contractor:- SDC, Bedford.
Package Value:- £720K.

Ceilings:- 3,500m² of British Gypsum Casoline MF & Casoline Curve, mostly to Feature barrel vault ceilings, including a substantial sloping / radiused feature (Butterfly wing) at high level.

Circular upstands, Cone ceilings and feature bulkheads. The installation also includes in excess of 2,000m² of clip in Burgess metal ceilings incorporating bespoke 396mm wide panels to bring the new Metric tiles into line with the imperial module of the existing building.

Flame retardant glass smoke barriers were also installed.
